

# ADVENTURES FILL YOUR SOUL

My name is Georgina Michael, and I graduated from Urrbrae Agricultural High School in 2021. Urrbrae was on my list of schools to go to as it was one of the only schools that had an agricultural background, which interested me due to my love for animals and the environment. During my time there, I participated in sheep club, horse club, and alpaca club, all of which had so many incredible learning opportunities linked to them. Since graduating from Urrbrae in 2021, I took a gap year. During my gap year, I went on a couple extremely exciting road trips around Australia. In May, my girlfriends and I, whom I met and became close with at school, went on a trip to Alice Springs and Uluru, through Cooper Pedy. It was an incredible experience, with so many amazing scenic views and places to visit linked to so much Australian history.

A week after coming back from that trip, I went on a trip with my partner Christian, whom I met at school, in his 1990 red Hilux, across the Nullarbor to Norseman and back to Port Augusta before veering off up to Andamooka and back home via Peterborough.

# ADVENTURES FILL YOUR SOUL

For the second half of the year, I focused on getting my horse, Eve, competition-ready and competing with her at a few shows before I started university in the following year.

Over New Year's, I went for another trip in my falcon to visit Christian's grandparents in Victoria, followed by visiting my grandparents in Sydney, and in between, we headed to Bathurst to test out if the track there was any good, then through the Blue Mountains. The views were truly stunning—ones that I won't forget. I am currently completing my first semester at Flinders University, studying Biodiversity and Conservation.

My advice for the current students at Urrbrae is to make the most of this school. Urrbrae has so many fantastic clubs to be a part of; make the most of it because you will not find anything like this again. Have fun and enjoy yourself, but don't take it for granted. There are so many fantastic opportunities that you will miss out on if you don't get involved and put yourself out there.
