The 2024 Executive Team

### Principal's Report

Dear School Community,

I am writing to express my heartfelt gratitude for the warm welcome I have received since beginning my journey as principal of Urrbrae Agricultural High School at the start of this academic year. The support and kindness shown by both staff and students have truly made me feel at home, and I am incredibly grateful for the opportunity to lead such an exceptional community. As I get to know of the inner workings of the school, I am blown away by the opportunities that this very significant school provides both metropolitan and regional students. The connections back to Urrbrae AHS are incredible and I am looking forward to continuing to provide the best possible education for the students who are lucky enough to be enrolled.

Before moving forward, I would like to take a moment to acknowledge the dedicated service of our previous principal, Mrs. Joslyn Fox. Her leadership and commitment to our school have laid a strong foundation for us to build upon, and we wish her all the best in her well-deserved retirement. Mrs. Fox's contributions will always be remembered and cherished.

As we dive into the 2024 school year, I am thrilled to share that we have started with great momentum. The

first day of school saw a mix of excitement and anticipation as our new Year 7 students joined our senior cohort of Year 12 students. It's a joy to witness the energy and enthusiasm of our youngest members alongside the seasoned seniors, and I have no doubt that they will inspire and support each other throughout the year.

Furthermore, the remainder of our cohorts commenced classes the following day, and already, we've embarked on various activities and events that set the tone for an enriching academic year. Our Year 7 students had the opportunity to bond and explore new experiences during their camp at Victor Harbor, while parent meetings for both Year 7 and Year 12 parents and caregivers provided valuable insights and connections.

I want to extend a special thank you to our dedicated staff members who have worked tirelessly to ensure the success of these events, particularly those who generously volunteered their time for camps and meetings. Your commitment to our students' well-being and educational journey is truly commendable, and it's because of your hard work and dedication that we can provide such enriching experiences for our school community.

Along with the ongoing learning that occurs on the school farm, the school has decided to invest in a proactive Wellbeing program called the Resilience Project. This initiative focusses both staff and students on three important themes of gratitude, empathy, and mindfulness. The Project’s website has a parent/ caregiver’s section to support the work done at school by allowing families to use the common language and themes at home. I would encourage all of you to look at the site when you have a couple of minutes.

As we continue this journey together, let us remain united in our commitment to fostering a nurturing and inclusive environment where every student can thrive

and reach their fullest potential. With our collective efforts and support, I am confident that we will make the 2024 school year a memorable and successful one.

Thank you once again for your warm welcome and unwavering support. Here's to a fantastic year ahead! I look forward to meeting the broader school community at school events including the barn market in coming weeks.

Warm regards,

**Todd George**  
**Principal**

## Key Contacts for 2024

Your child’s Home Group teacher is your go-to contact in the first instance. They can also refer you to the appropriate member of the leadership team should you have a specific question or problem.

## School Captains 2024

I would like to welcome our 2024 School Captains, Emily Porcaro and Miles Barson, to their new roles this year, representing the student body. I look forward to working closely with them over the course of this year.

## Urrbrae Class of 2023 SACE Results

We were delighted with our Year 12 results last year, with excellent achievements recorded across the entire year level. Congratulations to the following four students who achieved an A+ Grade with Merit:

<b>Abigail HENDERSON</b>	General Mathematics	M. Croughan
<b>Hannah HENTHORN</b>	General Mathematics	M. Croughan
<b>Tim VELISEK</b>	Furniture Construction	D. Hawes
<b>Miles RAMM</b>	Activating Identities & Futures	B. Wallis

- Congratulations to Ashlee Gunn and Ashley Bates who were our 2023 Urrbrae SACE Dux with an ATAR of 98.75, with a further 11 students achieving an ATAR in the 90s.
- The number of students who achieved A's and B's remained high, with 21.8% in the A Grade Band and 66.4% at a B Grade or higher.
- 98.2% of Year 12 students successfully completed their subjects in the C Band or higher.

- 100% of our students successfully completed their compulsory Stage 2 Activating Identities and Futures in Year 11. Urrbrae has been a pilot school for this revitalised research project subject with excellent results. All students who completed this subject received a C- or better with the majority of students recording grades in the A and B bands. This year the school is in the final stage of the pilot with the subject to fully replace Research Project across the state in 2025.
- Of 83 students who applied to SATAC, 78 received an offer in the first round.
- Of these university offers, over 50% were in STEM/Agricultural/Environmental related fields, linking beautifully with the specialist nature of Urrbrae Agricultural High School (as stipulated by the Waite Trust).
- Excitingly, two students received offers into Veterinary Bioscience.

Congratulations also to those students who did not choose a tertiary pathway and instead have successfully completed their SACE. Many of these students have walked straight into apprenticeships and job opportunities. No matter what pathway you choose for the future, Urrbrae is proud to have been a part of your journey.

# Senior School News

**Michelle Rowe**  
Senior School/SACE  
Coordinator

I would like to welcome back all our Senior School families. I am very optimistic that this year is going to be a good year for our Year 12s with a variety of events planned for the year. This year, in our CAB (Connectedness and Belonging) Program, we have introduced The Resilience Project, which is focussed on helping our (Year 12) students to gain the skills required to develop resilience as they complete Year 12. This will include lessons around Gratitude, Empathy and Mindfulness as well as Emotional Literacy. Paired with these lessons we will look at study skills sessions, time management, future career pathways with a variety of university, TAFE and other providers attending to assist students in choosing a post school pathway; and other Wellbeing sessions provided by Encounter Youth, SAPOL and other organisations. In the Year 10 and 11 sections of Senior School, students are settling into their studies, with students enrolled in the first semester compulsory SACE subjects of EIF (10) and AIF (11). EIF students should be on the lookout for work experience placements as these need to be sorted by the end of Week 7. On the other hand, AIF students should be busy gathering their natural evidence and feedback around their topics, so that they can successfully complete their AIF Projects.

## Home Study

Year 12 students seem to be generally quite settled into the Senior School area here in C Block. Home Study has been granted; however, it is extremely important that both students and parents understand that approval for Home Study is a privilege and students will continue to have Home Study on the proviso that they meet the expectations of Urrbrae Senior Students, which include signing in and out when arriving or leaving school. Failure to sign in or out will result in students receiving a consequence of after school detention, and potentially losing the privilege of Home Study. Signing in and out is more than just a school expectation; it is for the safety of our students as well, in the event of a fire or other emergency situation.

## “Work smarter not harder”

Many students have already completed their first summative assignments while others are continuing to work towards these. Please encourage your child to communicate with their teachers as their teachers, who are their best resource and are only too happy to assist your child to be successful.

## 2023 SACE Results

I would be remiss if I did not mention our 2023 SACE results; our students are to be commended for their fine achievement. In 2023 we had two students achieve the same enviable ATAR of 98.75, with Ashlee Gunn and Ashley Bates both being named School Dux. The students went off to a wide variety of different career pathways with many students receiving university offers in the first round. As these students are about to embark on their university studies, we wish them all the very best for whatever the future has in store. Many other students continued with apprenticeships and others went straight into the work force, with many relaying to us their excitement to be doing something they have always wanted, but many missing school ... who would have thought it!

## Year 12 Formal

Our Year 12 Formal is fast approaching and will be held at the Wine Centre on Friday May 24<sup>th</sup>. We have a wonderful committee of students working hard to ensure that the night is a wonderful celebration of our young people's final year of schooling.

## And finally...

On Wednesday 14<sup>th</sup> February, we held our Year 12 Parent information evening, with a large number of parents attending. I have sent home an email with a copy of my PowerPoint for those parents who were unable to attend. In the coming weeks, we will be doing some interim checks on student attendance, effort and achievement in all Year 12 classes, just to ensure that we can support students who may need a little extra help or direction. I strongly encourage all parents to communicate with their child's subject teachers and with me about any issues the student may be having. We are here to help your child to have a successful year and we will do our very best to facilitate that end. Having said this, students do bear responsibility for their learning – they are the masters of their own destinies.

I look forward to working with you all in 2024 to help our students achieve success.

**Michelle Rowe**  
Senior School/SACE Coordinator

# Agriculture Matters

Vincent Fleming  
Assistant Principal  
- Agriculture

## Urrbrae students excel at International Dairy Week 2024

**D**uring the January school holidays Urrbrae students competed at the International Dairy Week in Victoria.

The students represented the South Australian Youth Challenge Team and were involved in preparation, showing and judging of heifers and cows in various competitions. The Urrbrae Team achieved 3rd place overall out of a total of 13 competing teams. It is great to see our students continuing to build on their passion and dairy industry connections they have developed through Dairy Club.

Congratulations to Luis Riley, Chris Thompson, Katie Bell, Lexie Stewart, Tess Newman, Evie Gardiner, Spencer Eckert, Toby Zilm, Tyler Fergusson, Evie Cerullo and Sadie Knight for achieving wonderful results and representing Urrbrae with pride at the international level!

Tyler Fergusson (above),

## Urrbrae Students Recognised at SA Equestrian Annual Awards

Congratulations Zara and Eliza on these fantastic achievements.

Equestrian Australia is Australia's governing body for equestrian Olympic sports as well as other equestrian sports.

A huge congratulations to two Urrbrae Students who performed at a consistently high level over the year to win some of the Equestrian South Australia annual awards. Eliza Spiers won the 2023 Equestrian South Australia Interschool Intermediate Dressage Champion on her horse Hillswood Beatrice. Zara Young won the 2023 Equestrian South Australia Junior rider of the year and her horse, Aveden Indigo, won the 2023 Junior horse of the year.

## An early Christmas present arrived at Urrbrae

Our newest alpaca, Felix, was born on Christmas Eve 2023, Felix is named after "feliz Navidad" which is how you say merry Christmas in Spanish! Felix's mother is 'Noutake' or 'Nori' for short, who was purchased in March 2023 from the Yaringa Alpaca stud. Nori was already pregnant when she arrived at Urrbrae and also had Felix's full brother at foot. Felix is progressing very well and we expect that he will be part of the Urrbrae Show Team in the future.

## Vegetable Production Area Revitalised

This highly utilised area has been expanded and fully revamped including new irrigation, concrete pathways, topsoil, and netting for bird control. The Year 7 classes will be preparing the vegetable plot areas and planting out seedlings and seeds over the coming weeks. The produce can then be taken home for use by families and friends. The road redevelopment has provided the funds for this project, which is much appreciated.

## Urrbrae Honey is Flowing

During the first weeks of Term 1 students and staff have been directly involved with the honey extraction process. The Urrbrae bees have produced above average amounts of honey this season due to the extended flowering of trees, shrubs and pasture plants around the Urrbrae Farm as a result of the milder and wetter summer so far.

Urrbrae pure honey is available for purchase from our canteen on school days from 9.30am – 2.30pm and also at the upcoming Urrbrae Barn Market which will be held from 9.00am – 12.00 noon Saturday 2nd March. Thank you to Mr Heynemann (AKA Mr Honeymann) for coordinating this wonderful experience for our students.

## SRC 2024 Induction Day

The 2024 Urrbrae Student Representative Committee was inducted on Wednesday February 14.

Thirty-eight students ranging from Year 7 to Year 12 learnt about the structure, purpose and processes of the SRC and are now ready to undertake their responsibilities to lead Student Voice initiatives and contribute in a variety of ways to the successful functioning of our school.

Our Captains are Miles Barson and Emily Porcaro. Executive roles are led by Lara Pargin (A-Team & Arts), Caitlin Lush (Agriculture & Clubs), Gabrielle De Rosa (Wellbeing) and Miles Barson (Environmental Focus).

We're looking forward to an active and productive year working together to help make Urrbrae an even better place for all students to flourish and learn.

Education Coordinator

## Welcome back to another year of school sports!

**A**s we dive into another year of school sports, Term 1 promises to be a dynamic start with weekly sports kicking off on the 19th of February. Our school proudly boasts four teams participating this term, including one Year 7/8 soccer, one Year 9/11 soccer and two Year 9/10 Mixed volleyball teams.

At Urrbrae, we believe that sports should be accessible to everyone. We don't hold trials, embracing the philosophy that school is a place to try and learn new things, and this extends to our extracurricular sports. Whether you're a seasoned athlete or a novice, our sports community has a place for you.

Participating in school sports isn't just about competition; it's a gateway to making new friends, building lasting friendships and creating memories. It's an opportunity to learn something new, not only about the sport itself but also about teamwork, leadership and personal growth.

The Year 7/8 soccer team, last year's grand final champions, has moved up an age group to compete in the Year 9/11 soccer competition. Keep a keen eye on their journey and continued success as a team. While the soccer teams are bursting with eager players, there's still space in the volleyball teams for those seeking a new challenge; contact Dayna Fishers if you are interested.

2023 Girls Soccer

Interschool Athletics 2023

2023 Beach Volleyball team

Adding to the excitement, day carnivals kick off on the 20th of February with a tennis competition. Other upcoming carnivals feature beach volleyball, mixed indoor volleyball, super 8s cricket, ultimate frisbee, surfing and 3X3 basketball. Teams are actively looking for new players so seize the opportunity to be part of the action.

Mark your calendars for the highly anticipated Inter-school Athletics event on March 25th! Stay tuned for

further details coming your way soon.

It's important to note that while everyone is welcome to join any sport, we do have team number limits. Operating on a first-in-best-dressed system, if you sign up and the team is already at capacity, fear not! You'll be placed on a waiting list and contacted if a spot becomes available.

To explore the diverse sports on offer and get involved, check our website using the QR code above or visit the Urrbrae school website and follow the prompts. Let's make this year's sports season unforgettable. Here's to a year filled with sportsmanship, growth, and lasting memories!

HASS and Environment  
Coordinator

## Year 7 Humanities: Working in the Wetlands

**O**ur newest students to Urrbrae have begun their learning of geographical skills and concepts by visiting the Urrbrae Wetlands.

While at the wetlands, some students have been learning about biophysical environments by collecting, recording, and sorting samples found in the wetland's environment. Other students have been learning mapping skills and the key features of a map, using the acronym B.O.L.T.S.S (border, orientation, legend, title, scale, source)

and participated in an orienteering session locating important points around the wetlands on a map. Students have also been learning about the geographical concepts (S.P.I.C.E.S.S.) in the context of the wetlands. S.P.I.C.E.S.S., which stands for Space, Place, Interconnection, Change, Environment, Sustainability and Scale, are the 'big ideas' used to help students learn to think like a geographer.

## Boarding Providers Urgently Needed

**U**rrbrae is urgently seeking Boarding Providers to offer board to new Urrbrae students who are coming to Adelaide next year to attend our school. Most student boarders reside in rural areas or towns in regional or remote areas and rely on a boarding provider to house them during school term.

If you are a member of the Urrbrae school community and have the capacity to provide board for an Urrbrae student, please contact Matt Krieg on 8274 7455 or [matthew.krieg807@schools.sa.edu.au](mailto:matthew.krieg807@schools.sa.edu.au) for further information and to join our Boarding Register.

# The Arts News

## Create4Adelaide Exhibition

An exhibition of exciting new works created by young people to tackle the climate emergency, *Create4Adelaide* is the culmination of a year-long project from Adelaide Festival and Sabir. Launched during the 2023 Festival, this participatory project brought together young people across South Australia and beyond to respond creatively to climate change priorities.

Through workshops and creative events led by over 25 artists with the support of 14 cultural partners and 125 South Australian schools, young people used different art forms to share ideas about how to address climate change. Students at Urrbrae Agricultural High School worked with Artist Ella Germein to produce a mural for the school and students were also provided the opportunity to address the themes in their classes.

The artworks featured in the *Create4Adelaide* exhibition have been chosen by young people from the hundreds of contributions submitted to the project. The chosen works highlight the concerns of young people, their commitment to combatting climate change and their boundless creativity.

Congratulations to Elise Marangone, a current Year 9 student, who had their work 'Mallee Emu Wren' (below) selected as a Year 8 Art student last year. Her work will feature in this exhibition. Also featured will be a film showcasing the mural work which was completed last year as part of this initiative.

## PARKING RESTRICTIONS AT SCHOOLS ARE FOR THE SAFETY OF YOUR CHILDREN

Local Councils impose a variety of parking restrictions at and near schools to achieve a safer environment for your children. These restrictions are also to optimise traffic movement and safety.

### NO STOPPING ZONES -

These zones are usually adjacent to school entrances and the approach and departure sides of school crossings.

*You must not stop your vehicle in a no stopping zone or on a solid yellow line, not even for a few seconds.*

### NO PARKING ZONES -

You may stop in a No Parking zone to immediately pick up or set down your child, and drive off as soon as possible.

*No Parking zones are to ensure a quick and smooth turnover of vehicles.*

You must not leave your vehicle parked or unattended. If you are going to collect your child from this zone, have your child wait nearby in the school grounds so they can see you arrive. On your arrival they can then leave the school ground, enter your vehicle and you can then drive off.

### CONTINUOUS WHITE CENTRE LINE -

If a road has a continuous white centre line, there must be 3 metres between the vehicle and the white line.

### SCHOOL CROSSINGS -

You cannot stop within 20m of the approach side or 10m of the departure side of a school crossing.

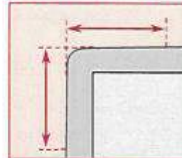

### SPEED LIMITS -

Speeding vehicles in a school zone are highly dangerous for children. There is a speed limit of 25 kph, designated by the signs and a zigzag line below, any time when children are present or when the lights are flashing (depending on the type of crossing).

### INTERSECTION OR T-INTERSECTION (Restricted Area)

You cannot park within 10m of the intersection.

### CROSSING PLACES (driveways)

You may park so that the front of your vehicle is level with the approach or the back is level with the departure side of a driveway to any private or public property so that vehicles can enter and depart safely.

### FOOTPATHS / NATURE STRIPS -

Parking is prohibited at all times. It creates dangerous situations for both pedestrians and other vehicles in the vicinity.

### DOUBLE PARKING -

Creates dangerous situations anytime, however the danger is increased near schools, especially when children are entering or leaving school.

## AUSTRALIAN ROAD RULES

# CHILDREN SCHOOLS &

# TRAFFIC

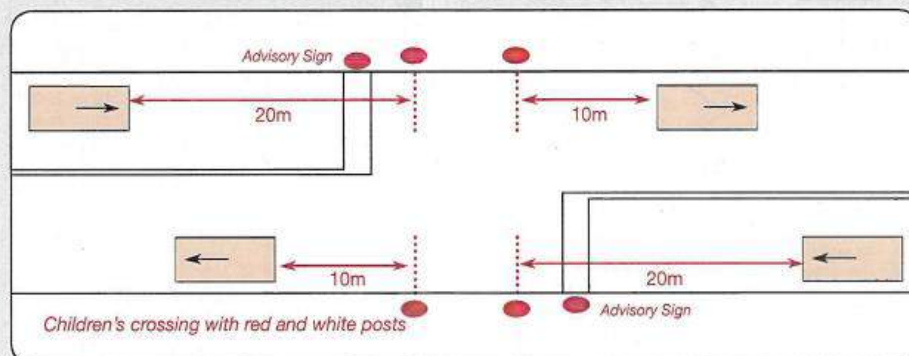

## A POTENTIALLY DANGEROUS COMBINATION

PROUDLY DISTRIBUTED BY  
THE CITY OF MITCHAM

## BECAUSE CHILDREN ARE NOT LITTLE ADULTS YOU NEED TO DRIVE WITH CARE AND CONCENTRATION NEAR SCHOOLS

### WHY ARE CHILDREN AT RISK

- Their size means that sometimes they cannot easily see or be seen in traffic.
- Parked vehicles, light poles and other street furniture all block a child's view of the road and also make it difficult for drivers to see them.
- Their concentration is limited and they are easily distracted.
- Their actions are often spontaneous and unthinking (that's why they will dart out on to the road to fetch a ball or weave about when riding their bikes) without checking to see if vehicles or pedestrians are coming.
- Their sight is not fully developed, especially their ability to "scan" for things.
- They are lacking the ability to estimate the speed of vehicles, the gap between vehicles, where a vehicle is coming from or how far away it is.

## HOW YOU CAN HELP YOUR CHILDREN

### FOR UNDER 5 YEARS

Make sure your children have reliable supervision at all times when in or near traffic, especially when crossing roads.

### FOR 5 TO 8 YEARS

Help your children to become familiar with all aspects of the road environment – signs, traffic lights and crossing places.

Teach them cycling skills in a safe area – in a park or playground etc.

If they are riding a bike to school, plan a safe route for them to take.

### FOR 9 TO 12 YEARS

Take the time to explain the road rules in simple terms e.g.: Right of way, what to do at intersections etc.

Go for bike rides with your children to make sure they have safe cycling behaviour.

**ABOVE ALL, BE CAREFUL  
WHEN YOU ARE DRIVING  
NEAR SCHOOLS, THE SAFETY  
OF ALL CHILDREN  
DEPENDS ON YOU**
